

# Washington State Prevention Summit

*Celebrating 30 Years in Prevention: Past, Present, Future*

Date: Monday, August 4, 2014

To: Youth Track Adult Advisor/Organizational Lead

From: Planning Committee

As you know, throughout the Summit, we have drawings for door prizes. We are inviting all teams/organizations to bring an item to be included in our treasure chest of door prizes at the 2014 30<sup>th</sup> Annual Washington State Prevention Summit.

This would accomplish two goals. First, it provides an opportunity for teams to bring something from their area that is unique; something that represents their community and/or culture. Teams are free to ask locally for donations, make something to be donated, or to purchase from their local businesses.

Second, it reduces Summit expenses. With a reduction in budget, this helps to offset costs while still allowing an opportunity for several youth to win a door prize. (Door prizes will also be donated from sponsors and community members of Yakima.)

**While bringing a door prize is by no means a requirement, it would be greatly appreciated.** If you would like to donate a prize, drop it off at the registration/check-in desk with a label as to the value, name of the team, and any information that is needed for the item.

Thank you, and we hope you enjoy the 30<sup>th</sup> Annual Summit!
